

4 Courses

Google Cloud Platform
Fundamentals: Core
Infrastructure

Architecting with Google
Kubernetes Engine: Foundations

Architecting with Google
Kubernetes Engine: Workloads

Architecting with Google
Kubernetes Engine: Production

04/26/2020

Krisztián Henrik Papp

has successfully completed the online, non-credit Specialization

Architecting with Google Kubernetes Engine

The Architecting with Google Kubernetes Engine specialization will teach you how to implement solutions using Google Kubernetes Engine, or GKE, including building, scheduling, load balancing, and monitoring workloads, as well as providing for discovery of services, managing role-based access control and security, and providing persistent storage to these applications.
